Staff answers and teaching notes

Tuesday 2 March 2027 · P3 · 40 minutes · Year A

BUILD Careers · Spring 2 Week 2 · Shared resource

I can explain why being on time matters and choose an appropriate action if I am delayed or absent.

Model and card answers

All workplace cases are invented. Accept equivalent safe language. Do not require a public performance or a personal history.

Card A

The team can plan and start the task together.

Other workers know who is there and can share the tasks safely.

Card B

When safe, tell the agreed contact as soon as possible, using the agreed way. Say they are delayed, give an arrival estimate only if known, and follow the reply.

A clear early message helps the team change its plan. The worker must not rush or guess a time.

Card C

Use the agreed absence steps and tell the agreed contact as soon as possible. Ask a trusted adult for support if needed.

The team needs to know the worker is absent. A pupil does not need to share private health details in this role play.

Card D

Follow the agreed next contact step when safe, or ask a trusted adult for help. Do not assume the message has been read.

The worker checks the message has reached the right person using the workplace's agreed steps.

Worked example and fade

I must stay safe. I use the agreed way to tell the agreed contact: 'I am delayed. I may be late for 9:00. I will update you when I know more.' I follow the reply. This lets the team plan.

Follow the agreed absence steps. This helps the team plan or share the tasks.

Judgement and safe delivery

Main hinge

A worker will be late. What is the best action? A: Say nothing and rush. B: Stay safe and tell the agreed contact as soon as possible. Key B. An early message helps the team plan. Being late does not make unsafe travel a good choice.

Parallel hinge

A worker cannot come in today. What is the best action? A: Follow the agreed absence steps and tell the agreed contact. B: Wait until the next day to say anything. Key A. The team needs timely information to change its plan.

If any pupil chooses A or cannot explain B, model the contact message and safe travel step, then check with the parallel hinge.

What to retain

Why being ready on time matters; Appropriate delay action or message; Appropriate absence action or message. Record the actual words or selections, first attempt, work reference, usual access, supplied choices and answers, one NS and reply. Spelling and handwriting are not the target.

Common errors

If I am late, I should run or take a risk. Stay safe. Tell the agreed contact as soon as safe and follow the agreed steps.

A late message and an absence message mean the same thing. A delay means I may arrive later. An absence means I cannot be there. Make the message clear.

Access and private help

Book, pointing, an aid, typing or an exact scribe are valid. Read back a scribed reply and allow a change. Record access apart from supplied answers. Plan in any language.

Ask a trusted adult for a private talk. Point to HELP, write or use your aid. You may pass, pause and return with help. No personal story is needed.

1 Point to the place or instruction. 2 Ask a short question. 3 Rephrase the instruction. 4 Provide a scaffold or choice. 5 Model the first step only, then return the task.

VF verbal feedback; WS worked with support; I independent; NS next step; // self-edit; ? read back; E actual evidence saved; R responded. R follows Voice and Audience, one NS and the pupil reply in the same colour, on the same page or usual mode. Add to Careers Portfolio. Offer to the Communication portfolio.

Only the unit award is named. Staff confirm any mapping from actual evidence. If a concern arises, listen calmly, avoid probing or secrecy promises and follow usual procedures. Keep private concerns out of shared work.
