Staff check and support

Thursday 25 March 2027 | P3 | 40 minutes | Year A

Continuity and completion boundary

Accepted Week 3 Planner and model data propose tidy book tray OR class help card. selected_class_action is null; there is no recorded actual agreement. Use an authentic Week 3 class record if available. Otherwise state the gap, agree one of those same options now and record a Week 5 choice. A supplied model is not a previous pupil agreement. This lesson carries out the action; planning alone does not meet the participation outcome.

Ready safe action and benefit

A: adult approves light shared books, stable tray/table, label and useful final place. Pupils choose, place, label and check so someone can find/return a book. B: adult approves one help card with clear wording directing people to ask the class adult; pupils choose words, make/position it and check someone can use it. Choose ONE action with genuine class benefit, not both. No external contact, money, donations, trips, personal belongings or responsibility for adult care.

Roles and consent answers

Starter A: ask first. I do check ask before moving shared kit. Hinge: after no, stop and check; parallel hinge respect no. Accessible roles include pointing to order/words, directing an exact scribe, placing one light item, making and checking. Record what pupil actually did and what adult supplied. Do not force a physical role or infer participation from the group product.

Valid reflection

Accept a short own response such as I helped check the label or It was fair because we shared jobs, when it matches the observed role/result. A selected phrase or exact scribe is valid with the mode recorded. If incomplete use We still need __ and retain the gap. A pupil who declines all roles may reflect on the task but the participation outcome remains unconfirmed.

Staff criteria

The two exact source outcomes are retained in the planner and evidence sheet. Staff verify the authorised unit award criteria separately against authentic work and actual help; no criteria or completion claim is invented here.

Staff check and support continued

Thursday 25 March 2027 | P3 | 40 minutes | Year A

Six-row closure and checklist

Evidence Sheet page 3 contains quoted source outcomes 46–51 with blank tick/comment/status/help fields. Check actual prior books/work for rows 46–49; present action/reflection informs rows 50/51 only where observed. Missing prior records remain gaps with a planned next check. Page 4 checks authentic record, feedback and actual banking. Neither grid is a prefilled pass.

Prompt ladder and exact scribing

1 Point to the place/instruction. 2 Ask a short private question. 3 Rephrase. 4 Give a scaffold or two choices. 5 Model the first step only then return the task. Pupil chooses words; adult records exact words or selected labels, reads back quietly, and invites keep/change. Keep bank, stem and model on every task/route. No public questions, cold calling or required reading aloud.

Private participation record

Code	Actual role benefit and reflection	Actual status/help
Pupil number: ____	_____	_____
Pupil number: ____	_____	_____
Pupil number: ____	_____	_____
Pupil number: ____	_____	_____

Use the fourth pupil-number field only if present. Leave actual fields blank until taught. Record took part, declined, incomplete or absent honestly. Reading, listening and exact scribing modes are distinct.

Feedback banking and communication

Voice and an actual audience reply, one NS and pupil response in the same colour, on the same page or usual mode precede R. E follows actual banking only. Retain book/file reference, location/date and gaps. Offer authentic work to the Communication portfolio and record actual response. No banking, acceptance or award decision is assumed.

End of half term

The owner combines rows 50/51 into Thursday 25 March P3. Spring 2 ends that day with no Friday. This pack closes BUILD Spring 2; unresolved evidence checks remain open for staff follow-up.
