The Easter story and new life reading cards

Pink supported print

Before the story

Easter is a Christian festival. It tells of Jesus. Christians believe that Jesus rose from death. They call this the resurrection. For Christians, this brings hope and new life. We can learn about a belief without sharing it. We will hear a short retelling. It is told in our own words. Jesus had died. His friends felt sad. His body lay in a tomb. A tomb is a place for a dead body. A large stone closed it. We do not need to act this out. We can pause while we listen.

A new morning

In the Christian Easter story, some women went to the tomb. The stone had moved. The tomb was empty. They heard that Jesus was alive. They went to tell his friends. In the story, Jesus met his followers again. They had felt sad. Now they had hope.

An idea of new life

Christians celebrate Jesus rising from death at Easter. Many use an egg as a sign of new life. A chick can hatch from an egg. The egg is a sign. It is not the whole Easter story. Christians may celebrate in different ways. People with other beliefs, or no religion, may also think about hope and new starts.

Learn about these ideas without sharing your own belief. An adult can reread a short part.

Cards to discuss

A

Jesus had died. His friends felt sad.

B

The women found an empty tomb.

C

They heard that Jesus was alive.

D

An egg can be a sign of new life.
