I chose card ____.

A model and my turn

Worked example

Card A asks what could help a new pupil. I will look at the card and think for a short time. My thought is: Ask if they want help to find a seat. I can share that thought by speaking or pointing to a choice.

My turn

I chose card ____. One thing that could help is ____. I can share by ____ or pass.

Plan in any language. Learn about a belief without having to share it.

Quiet minute choices

Choose one care card.

Take a short time to think, up to one minute. Keep your eyes open or look around if you wish. Move safely if that helps.

Point, speak, draw or ask for a scribe. You can pass and return.

Choice

A safe thinking stone is optional. An adult checks it first. A card works too. Ask before adding a thought to the reflection wall.
