Atlas skills and climate zones

Friday 26 February 2027 | P2 | 40 minutes | Year A

Humanities | GROW | Spring 2 Week 1 | HUM-GROW-S2-W01

Learning outcome: Use atlases and maps to locate climate zones and hazards.

You may point, write, type, speak in private or direct a scribe. You may pass. Reading aloud is your choice.

Today I can

I can use an index and grid to find a place. I can use a key for climate and hazards. I can show my own map and explain one mark.

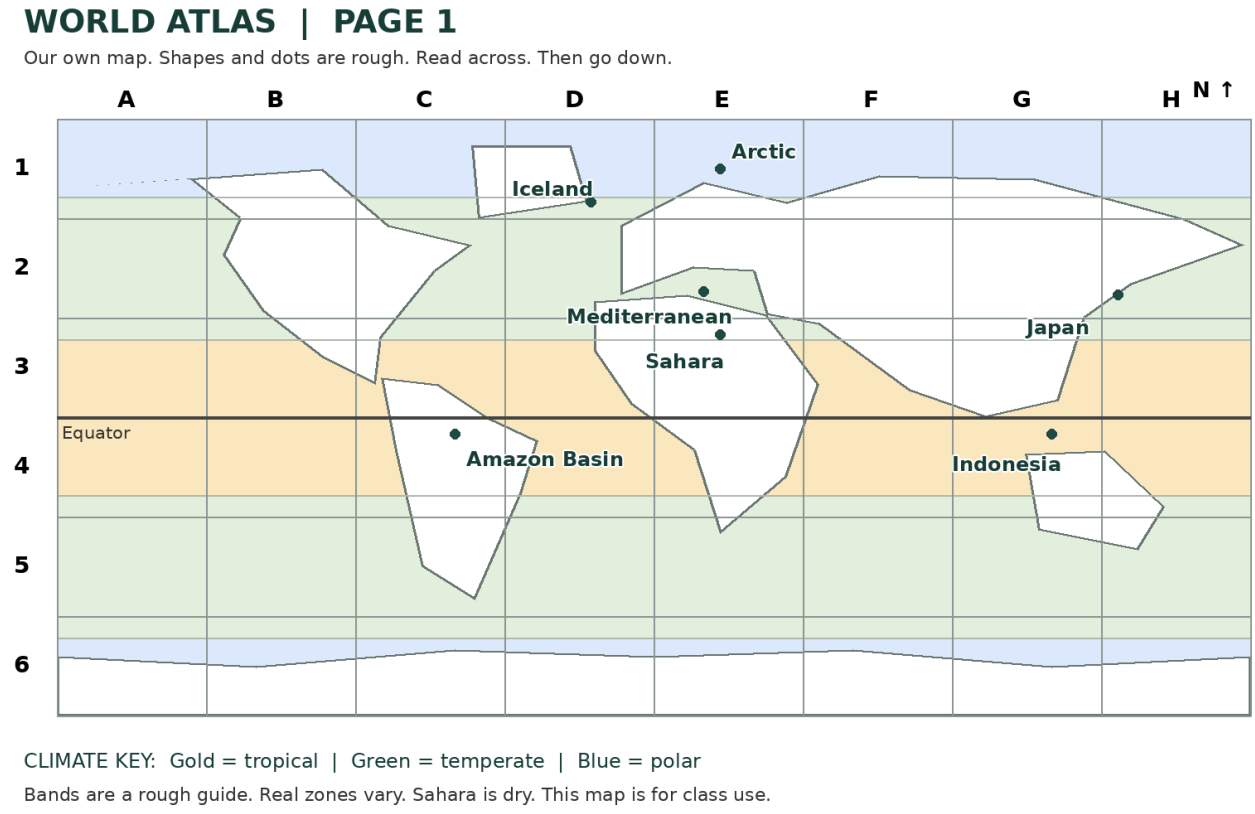

Our class task

Map Finder reads a place and its grid box. Key Checker checks the label or mark. Swap after each turn. In a group of five, the third pupil checks the index, then swap.

In your book, use a blank map. Label the Amazon Basin, the Mediterranean and the Arctic with their climate zones. Plot a circle for earthquake hazard in Japan and a triangle for volcano hazard in Indonesia. Add a key. Use the index and grid to check each place.

Your own record

I found ____ in box ____. The key shows ____. This place has ____.
