Weekly plan row

Friday 5 March 2027 · P1 · 40 minutes · Year A

Careers · LAUNCH · pair · Spring 2 Week 2 · Theme Resilience & Change

Exact scheme outcomes

Pay, payslips & deductions (links Maths).

Learning and evidence

Today you will read a made-up payslip from the invented paper-pack workplace. Find the labels before using the numbers. All amounts are invented for arithmetic practice. They are not real tax or NI rates, a pay offer or a guide to what anyone should earn. Use these examples only; you do not need to share your own or your family's money information.

Find gross pay, tax, National Insurance and net pay on an invented payslip.

Subtract the labelled deductions and check the net pay.

Explain one sensible action if a pay figure is unclear.

Forty minutes

Minutes	Teaching
0–5	Agree a response mode and recall one useful idea.
5–13	Read the invented model; explain the key words; check understanding.
13–23	Work as reader and checker, swap roles, then answer the hinge privately.
23–35	Each learner gives their own response using a chosen route.
35–40	Review evidence, give one next step, keep the reply and save.

Access and help

Use voice, writing, pointing, a usual aid, typing or an exact scribe. Read back and correct. Plan in any language. Ask a trusted adult privately; pass, pause and return with support. No personal work or family story is needed.

Where this leads

Read workplace information, make a safe choice and explain the evidence for it. Staff confirm any link to the unit award.

Offer to the Communication portfolio. Spring 2 ends Thursday 25 March; there is no Friday lesson in Week 5.
