Words for construction design

Design and Technology LAUNCH Spring 2 Week 1 Thursday 25 February 2027 P1 Year A

client

The person who needs the product. Sam is invented.

brief

The problem and the useful job the product must do.

specification

A list of checks the design must meet.

annotate

Add short labels that explain a part or its job.

stability

How well an item stays standing in its planned use.

trade-off

A gain in one feature that may bring a limit in another.

Sentence starts

Foundation: The problem is ___. This part helps ___.

Middle: I choose ___ because it may help the stand ___.

Higher: Compared with ___, my design gains ___ but may need ___. I will check ___ later.

Plan in any language. Pair each word with a sketch, gesture or spoken shape. Read any scribed words back for correction.
