Teaching assistant brief

Design and Technology LAUNCH Spring 2 Week 2 Thursday 4 March 2027 P1 Year A

I can choose a material and safe join, plan the parts and steps, and check a card mock-up.

Before the plan

Retrieve actual pupil choices. Show one material row and one part size at a time. Adult approves actual card and scissors. Prepared parts can preserve access; record which actions the adult did.

I do and we do

Use material, property, purpose reason. Point to ruler zero and the same short edge. Show the 20 mm tab and shallow U. Ask one short question, wait, then fade the model.

Independent stage

Support one route. Keep tools down for talk or pauses. The pupil owns choices and records; read scribed words back. Do not complete a response and call it the pupil’s own.

Prompt ladder

Point to the place or instruction. Ask a short question. Rephrase. Give a scaffold or choice. Model the first step only, then return the task.

Pause and record

Tools down. Compare with the plan, ask the adult if unsure, adjust one cleared feature and recheck. Keep actual support and the model stage. Mock-up not made or test pending remains clear.

Language and next step

Plan in any language. Accept pointing, speech or signing. Keep the revised list and plan with the actual mock-up for Week 3. No powered or heated tools.
