Stretch planning pack

Design and Technology LAUNCH Spring 2 Week 2 Thursday 4 March 2027 P1 Year A

I can choose a material and safe join, plan the parts and steps, and check a card mock-up.

1 Complete the core choice, cutting list, plan and mock-up record first.

2 Compare three materials and two cold joins. Explain a trade-off.

3 Explain why a thicker board could need a revised fold or adult-prepared part.

4 Predict a useful change from actual mock-up evidence. Keep any unperformed test as a prediction.

Keep your own plan

In your book: material ___. Property and purpose reason ___. Join and control ___. Part quantities and sizes ___. Step, tool and safety check ___. Real mock-up status ___. Real result or pending test ___. One change or next check and why ___. Support used ___.

Default sizes and safe choices

Body 120 by 260 mm; fold 80/160/240 from one short edge. U channel 100 by 30 mm; long fold10/20 from one long edge. Suitable scissors or adult-prepared parts. Paper tape cold join. No powered or heated tools.

Plan in any language. Point, speak, sign or confirm an adult scribe’s words. Physical actions not done stay pending.
