Words for construction planning

Design and Technology LAUNCH Spring 2 Week 2 Thursday 4 March 2027 P1 Year A

property

A feature of a material, such as stiffness or how it folds.

cutting list

A list of the parts, quantities and sizes needed.

mock-up

A simple model used to check an idea before the main build.

join

A way to connect parts so they stay together.

cure

When an adhesive has set fully as its label requires.

sequence

The order in which steps are done.

Sentence starts

Foundation: I choose ___ because it is ___.

Middle: This property helps the stand because ___.

Higher: I rejected ___ because ___. My trial showed ___, so I will ___.

Use the actual part beside its word and size. Plan in any language. Read scribed words back and let the pupil correct them.
