OPENING RESILIENCE AND CHANGE

Make check and improve a card stand

I can make from my checked plan and use real checks to improve the work.

Weekly outcome

CONSTRUCTION: make, adjust and improve.

Use your checked plan. Keep the actual actions, checks and support clear.

ARRIVAL 5 MINUTES

Our actual plan

Find your Week 1 design and Week 2 build plan.

Check your material, method and mock up with the adult.

Wait for tools and support to be approved.

STARTER 3 MINUTES

Read the parts and marks

Find the body, tab and channel.

Point to the same starting edge for each fold.

Explain the next safe check.

I DO 5 MINUTES

A safe cut and cold join

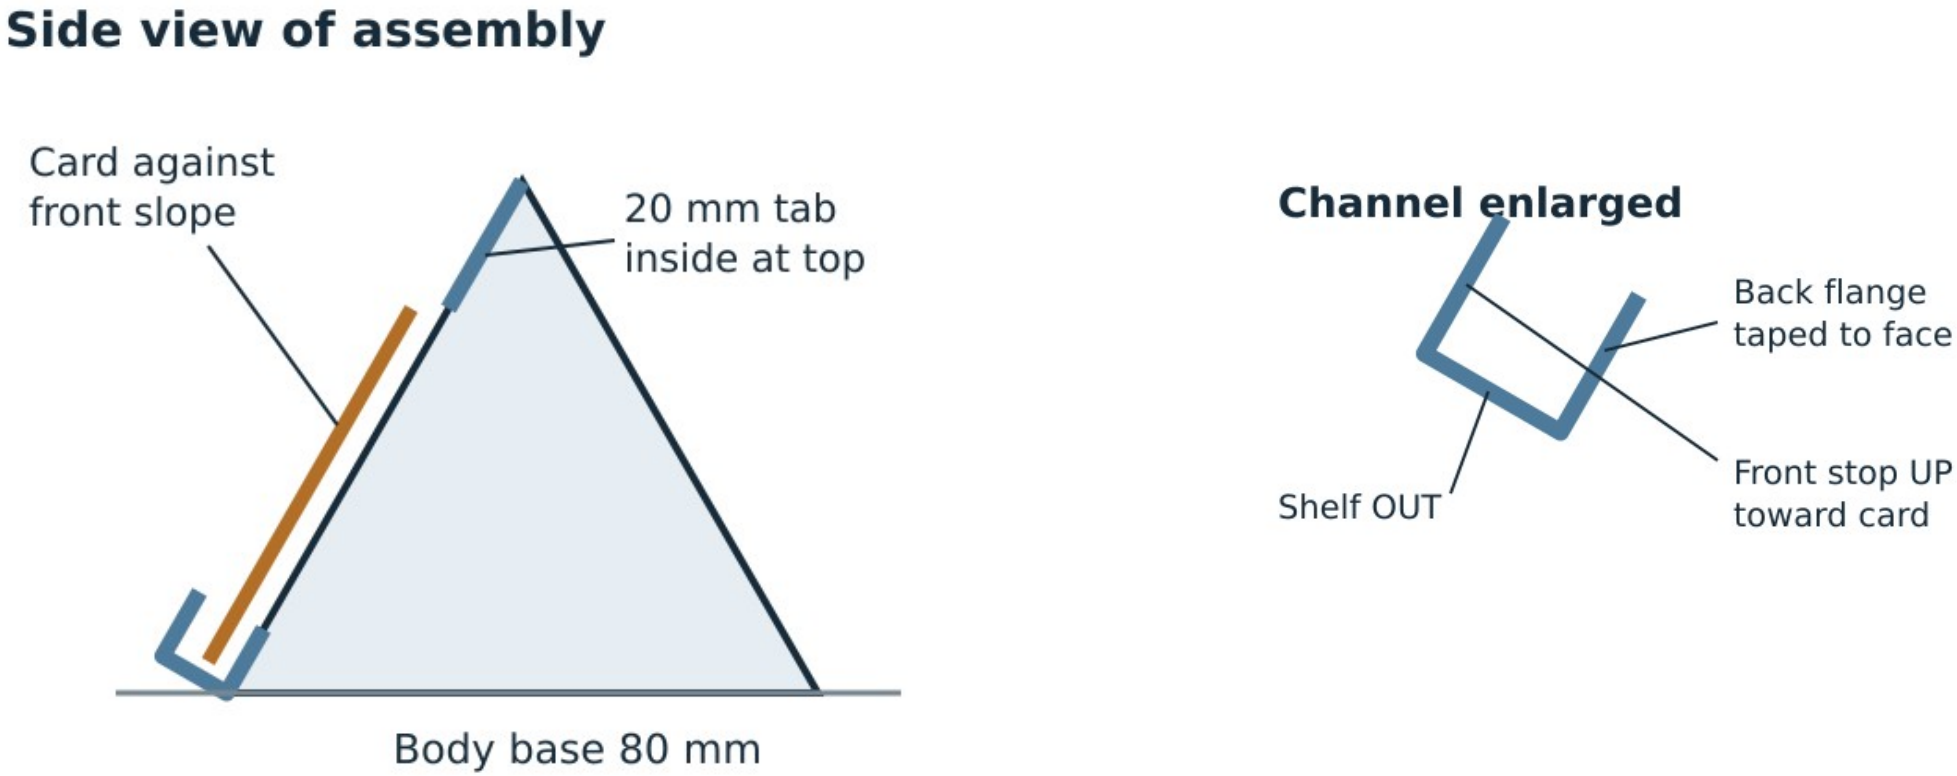

Watch a checked line and safe scissor action.

See the tab fold inside the triangle.

See the shallow U catch the card edge.

WITHIN I DO JOIN MODEL

A triangle and a shallow U

Original model diagram, not to scale. Keep both ends open.

WE DO 7 MINUTES

Make the first checked stage

Mark and recheck your actual plan.

Use the approved cut or direct adult handling.

Try the folds before taping.

WE DO 2 5 MINUTES

The stop and check hinge

The target width is 120 mm.

The actual width is 123 mm.

Choose a safe next step and explain why.

INDEPENDENT 8 MINUTES

Make adjust and improve

Follow the agreed cut and join with support.

Stop and check with the actual paper card when cleared.

Log each real adjustment and why it helps.

WITHIN INDEPENDENT ROUTES

Choose support and keep the true record

Supported: one action with an adult; label who did it.

Standard: make from the checked plan and log each adjustment.

Stretch: recheck an approved refinement and explain the result.

REVIEW 4 MINUTES

Check the change log

Put tools down and return them as agreed.

Review each change and its actual result.

Keep unfinished work and the next step clear.

WITHIN REVIEW CHANGE LOG

Each adjustment needs its reason

Before check	Adjustment	Why and recheck
Adult model: front stop folded flat	Refold U with adult approval	Aim: catch card edge. Actual 30 s recheck pending.
Own work ___	Actual change ___	Real reason/result or pending ___

Adult model only. Add the pupil's actual reason, recheck, date and support.

EXIT 3 MINUTES

My true making record

I made or directed ___.

I changed ___ because ___ / my check showed no change was needed.

My next safe step is ___.
