Standard strength and finish pack

Design and Technology LAUNCH Spring 2 Week 4 Thursday 18 March 2027 P1 Year A

I can check my actual stand, make a useful change and explain the result.

1 Use the actual one-card baseline with the agreed support and stop rules.

2 Record strength and finish findings separately.

3 Make one approved improvement linked to a real finding.

4 Repeat the same one-card check and log actual count, time, result, support and next step.

My actual evaluation record

Actual item or model ___. Strength finding ___. Actual card count and seconds ___. Finish finding ___. My approved improvement ___. Why it helps ___. Same one-card recheck result ___. Actual support ___. Next gap ___. Date and evidence location ___.

Safe evidence

One card is the intended load. Stop at the first concern. Keep any unperformed test, improvement or recheck pending. Optional comparison never proves maximum strength or safe use with a heavy object.

Plan in any language. Point, speak, sign or confirm exact scribed words. Pupil-directed adult handling is recorded with its true roles.
