Stretch strength and finish pack

Design and Technology LAUNCH Spring 2 Week 4 Thursday 18 March 2027 P1 Year A

I can check my actual stand, make a useful change and explain the result.

1 Finish the core one-card test, finish check and real change log first.

2 Say why the before and after checks are fair. Say what they do not prove.

3 First pass the one-card check. Ask the adult before each extra card. Try two then three matching paper cards at most.

4 Use 30 seconds each. Remove all cards and inspect between stages. Stop at the first concern. This is a comparison, not maximum capacity.

My actual evaluation record

Actual item or model ___. Strength finding ___. Actual card count and seconds ___. Finish finding ___. My approved improvement ___. Why it helps ___. Same one-card recheck result ___. Actual support ___. Next gap ___. Date and evidence location ___.

Safe evidence

One card is the intended load. Stop at the first concern. Keep any unperformed test, improvement or recheck pending. Optional comparison never proves maximum strength or safe use with a heavy object.

Plan in any language. Point, speak, sign or confirm exact scribed words. Pupil-directed adult handling is recorded with its true roles.
