Words for strength and finish

Design and Technology LAUNCH Spring 2 Week 4 Thursday 18 March 2027 P1 Year A

strength

How well the stand and joins support the intended load.

finish

The quality of edges, folds, tape and other final details.

load

What the stand carries. Our intended load is one paper card.

fair test

A check that keeps the same conditions when comparing a change.

finding

Something you really observed or measured.

improvement

A useful change linked to a real finding and a reason.

Sentence starts

Foundation: I saw ___. I stopped because ___.

Middle: I changed ___ because ___. The recheck showed ___.

Higher: The comparison was fair because ___. It tells me ___ but does not prove ___.

Use your own real observation. A proposal starts I would; an action starts I did only if it happened. Plan in any language.
