Enterprise planning knowledge

Pink supported edition

Plan a product/service to sell.

A clear plan

One product or service.
A customer type and useful need.
Resources and ordered jobs.

Checks

Use role codes, not names.
Add quality and safety checks.
Mark unknowns to check.
Agree a backup if someone is absent.

Pink supported edition

Invented job order

1 Ask the adult to check stock and permission.
2 Prepare a readable label.
3 Draft accurate care advice.
4 Arrange approved parts with adult guidance.
5 Check quality before a future offer.

This is a model, not completed pupil work.
A service needs its own task and supervision plan.
