Our supervised enterprise stall

Run a sale/market stall.

Gardening and enterprise
Resilience & Change

Before the stall opens

The adult confirms permission, released stock and prices.

Agree the float, money custodian and role codes.

Use a rehearsal if any required approval is missing.

A rehearsal uses counters or spoken amounts and says simulation.

Our customer script

Part	Words or action to practise
Welcome	Hello. Would you like to hear about our offer?
Explain	This is ____. It includes ____. The price is ____.
Check payment	That is ____ due. You paid ____. Change is ____.
Close kindly	Thank you. It is fine to say no.

Keep claims accurate. A pupil may pass the speaking role.

Float and takings

Invented model: £5.00 float and eight £1.00 sales.

Closing cash is £13.00 with no refunds or other movements.

£13.00 less £5.00 returned float = £8.00 receipts.

Starting change money is not sales income.

A takings decision

The till has £13.00, including the £5.00 opening float.

A Record £13.00 as sales receipts.

B Return the float and record £8.00 receipts.

Assume no refunds or other cash movements in this model.

Our actual stall record

Record	What to complete from the day
Opening	Approval ____ Stock ____ Price ____ Float ____
Transactions	Quantity ____ Amount due ____ Change ____
Closing	Cash ____ Refunds or movements ____ Difference ____
Stock and handover	Sold ____ Unsold ____ Adult custody ____

Use the full Stall Record. Leave unobserved figures blank.

My stall evidence

My stall job was ____;

I checked ____ and recorded ____.

Keep the record truthful about the route used.

Close and hand over

The adult checks cash, float and any difference.

Count remaining stock and agree safe storage or care.

Keep the records for the next lesson and wash hands.

Money and stock return to the adult custodian.
