Stall safety and hygiene

Pink supported edition

Run a sale/market stall.

Before the stall

The adult checks permission, approved stock and prices.
Use clear labels and a clear walking route.
Choose a role or observe.

During the job

The adult keeps money safe and checks change.
Use kind words. Buying is always a choice.
Tell the adult about mistakes or damaged stock.

Stall safety and hygiene continued

Pink supported edition

Safe materials and close

No food handling, tasting, blades or chemicals.
Wash hands after gardening materials.
The adult checks and stores money and stock.

A quiet pause

Park materials and tell the adult.
An adult takes over the stall job.
Return to one manageable job.

Use a rehearsal if adult checks are missing.
Record a rehearsal honestly.
