Our enterprise evaluation

White standard edition

Evaluate enterprise; evidence.

Use actual records

Mode: real stall / rehearsal / model practice
Records available ____
Records or costs still missing ____

Money calculation

Gross sales takings £____
Refunds £____
Sales receipts = takings - refunds. £____
Float £____ excluded from income.
Whole batch cost including unsold units £____
Additional costs not already included £____
Total relevant costs £____
Receipts - total costs = £____
Result: surplus / loss / zero / not yet known
Adult-checked calculation ____

If a cost is unknown, record the result as not yet known. A rehearsal or invented model cannot show actual profit.
