Teacher and cover plan — One artist, three facts

Pathway: BASE · Week 3 Part 1 · Big question: What three facts can we spot when we look closely at an artwork?

Learning goals and studio kit

• Look closely at a bold portrait artwork print.

• Spot three clear facts: the colours, the marks,. The mood.

• Copy one small mark set section into your studio log.

Studio kit: Printed studio artwork cards, magnifying card windows, three-fact log sheets, coloured pencils, black pens

Arrival and starter

Arrival: Look at the artwork card on screen. What catches your eye first?

Starter question: Why do we slide a small card window over a big busy picture?

Teacher model (I do)

Step 1: Place the card window: I lay my card card window over a corner mark set on the artwork print.

Step 2: Say three true facts: I name the tool (pen), the colours (amber. Blue), and the mood (proud).

Step 3: Draw the close-up box: I copy just the twin mark set inside my card window into my log box.

Practice routes (Supported / Independent / Aspire)

Supported: Three facts ticked. One close-up mark set coloured neatly.

Independent: Three written visual facts. An acset out close-up mark set study.

Aspire: Three facts, one study box,. One adapted sign mark set box.

TA and cover notes

TA focus: Cut thick card card windows with a 5 cm square window and supply removable tape so pupils can anchor them on prints.

Staff prep: Staff preparation only: review how to model using a card card window to isolate a 5 cm mark set study.
