Big question: How do we plan our relief panel with three clear choices?

- Pick one frame shape (arch, tower, or bridge truss).
- Pick two surface textures from your Week 3 lab.
- Draw a neat plan map showing where each part will go.

Essential vocabulary

- brief: A clear plan that says what you will make and use.
- plan: A simple map drawing made. First you cut real card.
- choice: Picking the best shape and texture for your panel.
- palette: The two or three colours you pick for your artwork.
- label: A word with a line pointing to a part of your plan.

Three-step studio method

Step 1: Tick my three choices: I tick 'Arch shape', 'Foil + Ridged card',. 'Chrome + Black' on my brief box.

Step 2: Sketch the big frame: I draw my wide arch. Two side tall bars inside the plan box.

Step 3: Add two word labels: I draw a line from the arch to the word 'FOIL'. From the tall bars to 'RIDGES'.
