Tier pack: Aspire route — Technique studio tasters

Pathway: TRACK · Week 1 Part 1 · Big question: How do four studio media change the mood and contrast of the same identity motif?

Aspire route studio steps

Step 1: Complete all four controlled media panels with wide tonal range from deep dark to bright highlight.

Step 2: In the central extension box, combine your top two media (e.g. collage base with ink wash and graphite line).

Step 3: Write a concise studio evaluation explaining how the two media interact on the paper surface.

Success check

Four single-medium panels plus a resolved hybrid mixed-media study and evaluation.

Make-it studio planner

Plan your studio media test sheet before starting practical work.

Options: Geometric emblem, Organic botanical motif, Crest and band motif, Symbolic silhouette

Review checklist

[ ] Compare all four panels from arm's length to see which medium holds the strongest contrast.

[ ] Check that every panel has a clear technical annotation underneath.

[ ] Place a protective tissue sheet over your pastel panel before storing.
