Tier pack: Independent route — Creative practitioners and studio roles

Pathway: TRACK · Week 5 Part 2 · Big question: How do sculptors, printmakers, and exhibition designers turn raw materials into public artworks?

Independent route studio steps

Step 1: Summarise the studio responsibilities of a Structural sculptor, Collagraph maker, and Exhibition curator.

Step 2: Draw an annotated scale-and-shadow diagram showing how a tabletop maquette translates to a large structure.

Step 3: Write a comparative paragraph linking professional maquette and patina testing to your own Weeks 1-4 studio decisions.

Success check

Role summaries, annotated maquette diagram, and comparative paragraph linking to own practice.

Key words helper

• practitioner: A skilled creative maker who works with specialist studio methods.

• maquette: A small-scale 3D test model built to check form and balance before making a big sculpture.

• fabrication: Building and joining the full-size artwork in a workshop or foundry.

• commission: A formal brief asking a maker to design an artwork for a specific place.

• scale model: A miniature version built in exact proportion to the real space.

Review checklist

[ ] Check that your study sheet includes both a visual diagram and clear written links to your own panel.

[ ] Share with a partner which of the three creative studio roles you would enjoy most in our Week 7 showcase.

[ ] File your practitioner study page in your studio log.
