Tier pack: Aspire route — Designing a peer studio workshop project

Pathway: SUMMIT · Week 5 Part 2 · Big question: How do we design a structured, safe, and inspiring practical workshop to lead our peers in building a relief study?

Aspire route studio steps

Step 1: Architect a comprehensive Workshop leadership Pack featuring three mounted Stage Exemplars plus a 4th 'Stretch exemplar' for fast finishers.

Step 2: Write a detailed Risk assessment, Material contingency Plan, and diagnostic coaching prompts.

Step 3: Prepare a complete participant tray kit and write a rationale explaining how your scaffolding supports varied learner confidence.

Success check

Four-tile exemplar board (including stretch model), full risk/contingency plan, and prepped kit.

Make-it studio planner

Design your studio workshop leadership pack.

Options: Topic: Embossed foil patina, Topic: Laminated truss gusset, Topic: Collagraph ridge dry-brush, Topic: Negative-space relief

Review checklist

[ ] Check that your three physical stage tiles are firmly mounted and clearly labelled Step 1, Step 2, and Step 3.

[ ] Count the pre-cut participant blanks in your workshop wallet so you are 100% ready for Week 6.

[ ] Verify that your Risk & Contingency section names at least two safety controls.
