Tier pack: Aspire route — Recording an exhibition: three visual moments

Pathway: SUMMIT · Week 6 Part 1 · Big question: How do we capture rapid observational sketches, spatial notes, and lighting analyses from curated artworks?

Aspire route studio steps

Step 1: Capture the three visual moments with high tonal fidelity, including a comparative sightline sketch showing two works in dialogue.

Step 2: Annotate how scale, surface patina, and lighting angle interact across both pieces.

Step 3: Draft an on-the-spot thesis statement evaluating the curatorial success of the exhibition layout.
