Tier pack: Aspire route — Drafting a structured visual review

Pathway: SUMMIT · Week 7 Part 1 · Big question: How do we synthesise our exhibition field sketches and portfolio evidence into a structured critical review?

Aspire route studio steps

Step 1: Compose an authoritative illustrated critical review integrating three annotated visual figures (Spatial sightline, 5-Value tonal Map, and Material detail).

Step 2: Evaluate the interplay between structural fabrication, tonal counterchange, and directional lighting using precise studio vocabulary.

Step 3: Present your fully indexed 7-week portfolio with an executive reflective statement tracing your growth from Week 1 baseline to Week 7 critic.

Success check

Three-figure critical review essay and indexed 7-week portfolio with executive synthesis.

Make-it studio planner

Structure your illustrated Critical visual Review.

Options: Sec 1: Exhibition thesis, Sec 2: Tonal & material proof, Sec 3: Raking light & space, Sec 4: Personal studio link

Review checklist

[ ] Check that your written review explicitly cites '[Fig. 1]' and '[Fig. 2]' on your board.

[ ] Verify that all sheets from Week 1 to Week 7 sit in clean numbered order in your portfolio.

[ ] Share your central critical thesis sentence with a table partner.
