Tier pack: Aspire route — Delivering the workshop and curating the exhibition

Pathway: SUMMIT · Week 7 Part 2 · Big question: How do we facilitate our live peer studio workshop and curate the collective structural installation?

Aspire route studio steps

Step 1: Deliver a differentiated 10-minute masterclass workshop incorporating your stretch exemplar and live troubleshooting cues.

Step 2: Direct the spatial grouping and raking-light calibration for a full section of the collective architectural installation, authoring the zone's Curatorial statement.

Step 3: Write an analytical retrospective evaluating how your Weeks 1-7 journey integrated structural engineering, surface patina, curatorial lighting, and studio pedagogy.

Success check

Masterclass delivered, installation zone directed with wall statement, and analytical retrospective written.
