Balanced Plate · Pupil Resources

Learning goal: I can use a plate guide to see which food groups take up the most space.

Arrival Questions (In your book)

1. Which box shows the balanced plate guide?
2. Name one food in the fruit and veg group.
3. What does milk or cheese help keep strong?
4. Can you ask an adult to help?

Starter Question

Why does the balanced plate guide have big sections and small sections?

A. To show we need more of some food groups and less of others.

B. Because the artist ran out of space.

C. Because we only eat one food group a week.

Method Strip

1. Put the Plate Guide mat flat on your desk and point to the two biggest sections.
2. Place the fruit and veg cards in the first big section. STOP AND CHECK.
3. Place the starchy food cards in the second big section.
4. Place the protein cards and dairy cards in the medium sections, and oil in the tiny section.
5. Write or tick the section size for each food group

in your book.

Exit Ticket

Which group has a bigger space on the plate guide: fruit and veg or cooking oil?

Name one food from the dairy group and say what it helps in the body.

Why are the sections on the plate guide not all the same size?
