Word	Meaning
evaluate	Weigh evidence and reasons to reach a judgement.
cause	A reason why an event happened.
trigger	An event that helps set off a wider crisis.
consequence	An effect or result of an event or action.
evidence	A fact or source used to support a claim.
judgement	A reasoned view supported by evidence.
citizenship	Legal membership of a state, linked to rights.
persecution	Unfair and harmful treatment aimed at a group.
dignity	The worth of each person and the respect they should receive.
remembrance	Taking time to remember people and learn about the past.
antisemitism	Prejudice, hostility or hate directed at Jewish people.
limit	What the evidence or a claim cannot show.

Plan in any language. Because explains; however adds a limit. A judgement needs evidence, not a stronger emotional claim.
