Connections across the world

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

Staff card

Staff print card

3 November 2026

Invite a response. Give thinking time. The learner may pass.

Arrival regulation check: Green · Ready, Amber · Help, Red · Pause. Say the words as well as showing the colours. Invite a response and allow a pass.

Code	Meaning
VF	Verbal feedback
WS	Worked with support
I	Independent
NS + …	Next step
E	Evidence captured
R	Pupil responded to feedback
//	Self-edit point
?	Read this back to me

At check-out, record E for … against the pupil's target.

Mark R only after the pupil has responded to feedback with an adult.

Return-to-learning route for this lesson: after a pause, rejoin Supported with card C and two place labels, then point to one link.

Soft instrumental music for transitions if the class plan says so

Sound is off by default.

Pupils edit in the same colour, on the same page.

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

P17 · SLT planning and evaluation

Describe how communities are connected across the world.

Stage	Minutes
Arrival including opening	4
Starter	3
I do	6
We do shared investigation	7
We do decision checkpoint	2
You do	12
Review and improve	3
Exit ticket	3

Planned adaptations

Need	Plan
Read or sequence	Use one card and one short instruction.
Communicate	Allow a private point, sign, spoken answer or exact scribing.
Pause and return	Return-to-learning route for this lesson: after a pause, rejoin Supported with card C and two place labels, then point to one link.
Access the drawing	Use the larger view or describe the marked features.

Catch-up embedded this lesson: revisit the difference between a grid square and a world view in Starter, then model one message link in I do.

If behind

Keep one model clue, one shared check, the checkpoint, a book response and the exit. Shorten repeated practice.

Staff evaluation

Evidence, adaptation and next teaching move

Made by Matt

P18 · Individual target opportunities

Use the learner’s actual agreed target.

Opportunity	Evidence	Actual support
Find a clue	Select a card detail.	_____
Explain	Link evidence to the answer.	_____
Check	Keep or revise one detail.	_____
Regulate	Use a pause or a private response.	_____

The teacher models one step. A second adult, if available, reads a card or records the exact response. With one adult, set out the card and return for the pupil’s reason.

Give time, point to a clue, ask a short question, then offer a frame or choice. Invite a response. The learner may pass.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

First lesson back · once-only read

Check what pupils can show from the previous lesson and revisit it within the planned stage.

Use the supplied examples. Invite a response, give thinking time and allow a pass. Use only the learner’s own evidence.

Teacher answers · Arrival

Arrival · Supported

Point to the picture that matches the top one.

The lower left picture matches the top one.

Arrival · Supported

Which meaning fits continent?

A large land region

Arrival · Supported

Can communities connect without people travelling?

Yes, through messages or shared online activity.

Arrival · Supported

Does one example describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Arrival · Independent

Point to the picture that matches the top one.

The lower left picture matches the top one.

Arrival · Independent

Which meaning fits continent?

A large land region

Made by Matt

Arrival · Independent

Can communities connect without people travelling?

Yes, through messages or shared online activity.

Arrival · Independent

Does one example describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Arrival · Aspire

Point to the picture that matches the top one.

The lower left picture matches the top one.

Arrival · Aspire

Use continent in an accurate example.

A continent is a large land region. Card B places Countries B and C in Continent 2.

Arrival · Aspire

Can communities connect without people travelling? Which detail supports your answer?

Yes, through messages or shared online activity. In Card C, a group in Place A shares festival greetings with a group in Place B without making a journey.

Arrival · Aspire

Does one example describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Made by Matt

Starter

What does a four-figure grid reference locate?

It locates a whole grid square. A world map gives a broader view.

Starter

Where can you start the link?

Start with Place A in Country A and find Place B in Country B.

Starter

What can move between places?

People, goods and messages can move. Card C gives a message example.

Starter

What does a world locator leave out?

It leaves out details such as streets and safe routes.

I do · 1

Can communities connect without people travelling?

Yes, through messages or shared online activity.

I do · 1

Which source helps us begin?

Use card C. Card C describes a group in Place A sharing festival greetings with a group in Place B.

Made by Matt

I do · 2

What passes between the groups in card C?

Card C describes a group in Place A sharing festival greetings with a group in Place B.

I do · 2

What does this clue help us say?

A greeting is a message. It can travel between places without a person making the journey.

I do · 3

How can the groups keep their link?

The groups can send messages or take part in a shared activity from their own places.

I do · 3

How can I start my answer?

Place ____ connects with place ____ through ____. The card shows ____.

I do · 4

Does one link describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

I do · 4

What is one limit to keep in mind?

Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

Made by Matt

Teacher answers · We do

We do

Which two places are in the fictional link?

Place A in Country A and Place B in Country B.

We do

What is the link in card C?

Groups share festival greetings.

We do

Is that a movement of people, goods or messages?

It is a movement of messages.

We do

What would count as a movement of goods?

An item sent from one group to the other. Card C does not say a parcel was sent.

We do

Can a festival connect people in more than one country?

Yes. Card D gives examples of festivals marked across places.

We do decision checkpoint

Which choice fits the evidence?

A message connects the groups.

Made by Matt

We do decision checkpoint

What evidence helps you decide?

Card C says the groups send greetings. It gives no evidence of a journey or of everyone’s beliefs.

Made by Matt

Teacher answers · You do

You do · Supported

Check the detail you used.

Card C describes a group in Place A sharing festival greetings with a group in Place B.

You do · Supported

Check your reason or limit.

A greeting is a message. It can travel between places without a person making the journey. Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

You do · Independent

Check the detail you used.

Card C describes a group in Place A sharing festival greetings with a group in Place B.

You do · Independent

Check your reason or limit.

A greeting is a message. It can travel between places without a person making the journey. Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

You do · Aspire

Check the detail you used.

Card C describes a group in Place A sharing festival greetings with a group in Place B.

You do · Aspire

Check your reason or limit.

A greeting is a message. It can travel between places without a person making the journey. Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

You do · Choice

Check the detail you used.

Card C describes a group in Place A sharing festival greetings with a group in Place B.

You do · Choice

Check your reason or limit.

A greeting is a message. It can travel between places without a person making the journey. Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

Made by Matt

Review and improve

Is my detail accurate?

Card C describes a group in Place A sharing festival greetings with a group in Place B.

Review and improve

Does my reason follow from the source?

A greeting is a message. It can travel between places without a person making the journey.

Review and improve

What could I check or change?

Card C is a fictional example of two groups. It does not show how all people in either place live or believe. Edit in the same colour, on the same page.

Exit · Supported

Can communities connect without people travelling?

Yes, through messages or shared online activity.

Exit · Supported

Does one link describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Exit · Independent

Can communities connect without people travelling?

Yes, through messages or shared online activity.

Made by Matt

Exit · Independent

Does one link describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Exit · Aspire

Can communities connect without people travelling? Use one clue.

Yes, through messages or shared online activity. Card C describes a group in Place A sharing festival greetings with a group in Place B.

Exit · Aspire

Does one link describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs. Card C is a fictional example of two groups. It does not show how all people in either place live or believe.

Exit · Choice

Point, draw, sign or tell an adult. Can communities connect without people travelling?

Yes, through messages or shared online activity.

Exit · Choice

Does one link describe everyone in either place?

No. Card C describes two groups. Other people may have different links or beliefs.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

TA Brief

Describe how communities are connected across the world.

Arrival regulation check: Green · Ready, Amber · Help, Red · Pause. Say the words as well as showing the colours. Invite a response and allow a pass.

Use the supplied examples. Invite a response, give thinking time and allow a pass. Use only the learner’s own evidence.

Return-to-learning route for this lesson: after a pause, rejoin Supported with card C and two place labels, then point to one link.

Optional: show one connection and card clue to an adult. Hear one piece of feedback. Reply with a change, a reason to keep it or a request for help.

Use one route. Record only the pupil’s own response and the support given. Next lesson: Festivals of light around the world.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

Teaching script · Arrival including opening

Use one Arrival route. Let pupils match the picture before reading the other prompts. Give time to think and allow a pass. Arrival regulation check: Green · Ready, Amber · Help, Red · Pause. Say the words as well as showing the colours. Invite a response and allow a pass.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

Teaching script · Starter

Use the drawing to ask: What does a four-figure grid reference locate? Where can you start the link? Catch-up embedded this lesson: revisit the difference between a grid square and a world view in Starter, then model one message link in I do.

Catch-up embedded this lesson: revisit the difference between a grid square and a world view in Starter, then model one message link in I do.

Made by Matt

Teaching script · I do

Ask Can communities connect without people travelling? Point to card C. Think aloud: Yes, through messages or shared online activity. Card C describes a group in Place A sharing festival greetings with a group in Place B. Check: Does one link describe everyone in either place? No. Card C describes two groups. Other people may have different links or beliefs.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

Teaching script · We do shared investigation

Build a connection from Place A to Place B. Distinguish movement of people, goods and messages. Take a turn to suggest a match, then check the evidence. Ask for a clue. Place A in Country A and Place B in Country B.

Made by Matt

Humanities · GROW · Autumn 2 · Week 3 · HUM-GROW-A2-W03

Teaching script · We do decision checkpoint

Offer a private choice. Two groups send festival greetings. What does this show? Reveal: A message connects the groups. Card C says the groups send greetings. It gives no evidence of a journey or of everyone’s beliefs. Optional: show one connection and card clue to an adult. Hear one piece of feedback. Reply with a change, a reason to keep it or a request for help. Mark R only after the pupil has responded to feedback with an adult.

Made by Matt

Teaching script · You do

Select one route. Start in your book. Create a connection map for the fictional partner groups. Retain the learner’s own connection and card clue and actual support used. Return-to-learning route for this lesson: after a pause, rejoin Supported with card C and two place labels, then point to one link.

Made by Matt

Teaching script · Review and improve

Check one evidence detail. A greeting is a message. It can travel between places without a person making the journey. Ask for one improvement or reason to keep the detail.

Made by Matt

Teaching script · Exit ticket

Use the two exit questions. Can communities connect without people travelling? Does one link describe everyone in either place? Accept accurate equivalents and plan the next prompt. At check-out, record E for … against the pupil's target.

Describe a link and one difference between the groups.

Say what one example cannot tell us.

What helped you most today, or what would you change next time?

Made by Matt
