World locator with neutral labels

World map with approximate markers for Country A, Country B, Country C and Place B. The drawing gives a world view and does not show street details.

Use the neutral markers for the independent map check. Staff record the evidence and support on the agreed record.

Evidence cards D and H

D · Diwali

Many Hindus mark Diwali with lamps, worship and gatherings. Light can express good overcoming evil and knowledge overcoming ignorance. Practices and stories vary.

This Hindu explanation does not cover every Hindu practice or other religions’ observances.

H · Hanukkah

Hanukkah is a Jewish festival lasting eight nights. Lights recall the Temple’s rededication and the traditional account of oil lasting eight days. A hanukkiah has eight festival lights and a helper light.

This explains one Jewish religious perspective; not all Jewish households observe identically.

Evidence cards O and S

O · Objects and meanings

A diya is a small lamp associated with Diwali. A hanukkiah is used at Hanukkah. Ask before touching borrowed objects; use an unlit replica or a drawing.

This example does not describe every person or place.

S · One family’s celebration plan

Fictional Diwali plan: prepare a welcoming space; arrange unlit lamps with an adult; gather for worship; share food and greetings. This is one sequence, not a rule for every family.

This example does not describe every person or place.

Shared investigation

Review what a map answer and a belief answer each need. Practise on different examples before the assessment. Take a turn to suggest a match, then check the evidence.

1. What should a map answer include?
2. What should a belief answer include?
3. Which work belongs in the evidence record?

We do decision checkpoint

Which pair gives the right evidence for the two checks?

1. Map clue for place and source clue for meaning
2. A map marker for everyone’s belief
3. A source about lights for a grid reference

Worked model

Ask the question

Complete a map check on your own, using the supplied locator and key. Use card D. Card D explains one meaning for Diwali lights. Card H explains a different tradition. Use the neutral locator to check places.

Find the evidence

Card D explains one meaning for Diwali lights. Card H explains a different tradition. Use the neutral locator to check places. A map answer uses a map clue. A belief answer uses a relevant source detail.

Explain the link

Complete the separate map check, compare the two accounts and choose your own evidence for review. My map clue is ____. My source clue is ____. I checked ____.

Check what we know

Use the actual agreed criterion, activity and support used. Staff complete the learner and observation details on the evidence record. A map point cannot show what everyone believes. The source accounts do not speak for every household.
