Rights and helpful actions

Match each numbered right to an action letter. Use your book, typing or usual aid. Explain one link. All people are invented. Do not use real disputes or names.

Right	Card
1	Everyone has a right to be heard.
2	Everyone has a right to learn and take part.
3	Everyone has a right to safety.
4	Everyone has a right to privacy.

Action	Card
A	Use shared things with care and tell a trusted adult about a concern.
B	Listen and let others have a turn to give a view.
C	Ask before sharing another person's work or details.
D	Help keep shared tasks and routes open to others.

Keep rights in place

An action helps protect a right. It does not earn it. Rights are not prizes for good behaviour. A person still has rights if a rule is broken. Adults help with fair and safe next steps.

Some actions may help more than one right. Explain the link. Privacy does not mean keeping a safety concern secret; school staff share it with the safeguarding lead.

An invented class charter

Draft three short lines for an invented class. Each line links a right to an action that helps protect it. Keep everyone's rights in place, allow access needs and include a trusted adult help route. This is an imagined charter, not a rule or contract for the real group. No names or signatures.

Write in your book

Draft three short lines for the invented class. Start Everyone can… We can… . Include fair access and a trusted adult help route. Do not write real names or sign it.

Model line 1

Everyone can have a say. We listen in each person's usual way.

Model line 2

Everyone can take part. We make space and use fair turns with support.

Model line 3

Everyone can be safe. We use things with care and ask a trusted adult for help.

A fair draft

A charter must keep rights in place. It must allow different needs and ways to take part. One loud voice or a vote cannot remove a right. Being heard does not mean getting every choice.

A way to offer an idea

Use words, pointing, typing, a note or a usual aid, or pass. The staff listener hears your fictional charter idea and explains how it could help the draft. You do not have to speak to the group or agree to real class rules.

The invented community scene

A shared activity space

In a made-up community activity, young people share a table for card models. A stack of boxes narrows the route to the table. One learner needs a clear route for their usual access aid. Another learner keeps choosing each task without asking the group. The group wants a fair way for everyone to join in. No real people or places are used.

Visible model

Everyone keeps their rights to take part, be heard and be safe. The group can ask the adult activity leader to make the route clear safely. They can listen to each view and agree a fair plan for turns, with any access support needed. They must not move another person's aid or belongings without asking. If the plan is not safe or fair, tell a trusted adult.

Your community response

Give a safe and fair step, a reason and trusted adult help. The adult leader can make the route clear safely. Do not move any aid or belongings without asking.

Choice B Map or list

Make a map with right and action pairs, three charter lines, then a safe and fair step for the community scene with a reason and help route.

Choice C Advice note

Write a short community advice note with right and action pairs, three charter lines, then a safe and fair step for the same scene with a reason and help route.

Shared success checks

Match all four rights and actions. Explain one link. Draft three short charter lines for an invented class. Use the community scene to give a safe and fair next step with a reason and trusted adult help. Both formats include every part.

Private help

Ask a trusted adult or school staff in private. Use HELP, a note or your usual aid. Staff share safety concerns with the safeguarding lead. You can pass or use the agreed supervised pause. No real dispute, personal background or signature is needed.

All parts in either format

Use map B or note C. Keep the four matches and explain one link. Add three charter lines for an invented class, then a safe and fair community step with a reason and help. No part is left out by choosing a format.

Help and a quiet pause

Point to HELP or ask a trusted adult in private. You can pass or use the pause signal agreed with staff. An adult supports the known safe route. No public reason is needed. Do not leave alone. Return with support, use a calm task or catch up privately. School staff pass any disclosure to the safeguarding lead through school procedure.
