

Then and now photographs

Knowledge organiser

Learning goal

Sort then and now photographs.

Enquiry

Who helps us belong to a community?

Word	Meaning
past	A time before now
present	The time we are in now
change	Something that becomes different
continuity	Something that stays the same

Key knowledge

No. Use the source and date labels.

Name a feature you can point to in both images.

A frame to use

Photo ____ is earlier. The ____ changed. Both show ____.

Remember

Use date and source labels to establish order. Image colour is not proof of age. A fictional personal timeline is always allowed.

Supported arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

A · Rotary phone

B · Smartphone

1 Which phone has a dial that turns?

Help: Point to the dial or choose A. The diagrams are examples, not dated photographs.

2 Does a black-and-white photo have to be older?

Help: Read or listen to the relevant evidence card; point first.

3 Find “present” in word help. What does it mean?

Help: Use the word and meaning cards together.

4 How do you show a similarity?

Help: Use the source limit or map key as a clue.

Standard arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

A · Rotary phone

B · Smartphone

1 Which phone has a dial that turns? Explain your choice.

Help: Point to the dial or choose A. The diagrams are examples, not dated photographs.

2 Does a black-and-white photo have to be older?

Help: Use one source detail or labelled map feature.

3 Explain present using an example.

Help: Choose an example from the evidence cards.

4 How do you show a similarity?

Help: State the reason for your answer.

Stretch arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

A · Rotary phone

B · Smartphone

1 Which phone has a dial that turns? What can this teaching picture not tell us?

Help: Separate the illustration from historical or personal evidence.

2 Does a black-and-white photo have to be older? Give supporting evidence.

Help: Name the source or data label.

3 How does present help answer today's enquiry?

Help: Explain the connection, not only the definition.

4 How do you show a similarity? Explain a limit or further check.

Help: Think about what the supplied evidence leaves uncertain.

Evidence cards

Read or listen to the cards. Original historical records, authored summaries and fictional teaching cases are labelled separately.

A A fictional week

Monday: choose a club activity. Wednesday: practise the activity. Friday: share what was made. The words Monday, Wednesday and Friday supply the order.

Authored classroom case

Limit: This example does not describe every person or place.

B Telephone comparison

A rotary telephone and a smartphone both support conversations over distance. A smartphone can also show a video call; a rotary dial selects numbers differently.

Authored comparison of familiar objects

Limit: A newer object is not automatically better for every person or purpose.

C Photo enquiry

Use the paired local photographs supplied with this unit. Read the captions and dates. Point to one feature in each image before deciding what changed.

See photograph captions and credits

Limit: A camera angle or season can make features appear different; a photograph alone may not explain why.

D Questions worth asking

Who used this object? When was this photo made? A dated catalogue entry can help with time; a user's account can help with experience.

Authored classroom case

Limit: This example does not describe every person or place.

Visual resources and data

Keep this page beside the shared and independent tasks.

21 November 2008. Oliver Dixon. CC BY-SA 2.0.

31 January 2020. Reading Tom. CC BY 2.0.

Tees Transporter Bridge. Different viewpoints: compare the gondola position and blue steel structure. Do not infer permanent rebuilding from the camera angle. These are dated views, not photographs of today.

Shared investigation

Make a decision, check the evidence, then explain. An individual or private response can replace speaking to the group.

- 1. Read the dates on the paired bridge photographs.
- 2. Point to a feature visible in both before naming a change.

Record	Our response
Feature	
First example	
Second example	
Comparison	

Support choices

Supported: Choose one feature in each example and use the same feature to compare.

Standard: Complete both sides before writing a similarity and a difference.

Stretch: Consider viewpoint, source selection and variation within groups.

Our explanation

Supported independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Sort the two dated photographs into then and later.
- 2. Caption one visible change and one similarity.
- 3. Use the image labels as evidence.

Help

Begin with one step. Read the sources with an adult, reduce the visible choice set and use: Photo ____ is earlier. The ____ changed. Both show ____.

Keep all required evidence; speech, pointing, drawing and exact scribing are available.

My outcome and supporting evidence

Check: sorted images and a change/similarity response.

Standard independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Sort the two dated photographs into then and later.
- 2. Caption one visible change and one similarity.
- 3. Use the image labels as evidence.

Help

Photo ____ is earlier. The ____ changed. Both show ____.

Check your evidence before adding a final explanation.

My outcome and supporting evidence

Check: sorted images and a change/similarity response.

Stretch independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Sort the two dated photographs into then and later.
- 2. Caption one visible change and one similarity.
- 3. Use the image labels as evidence.

Help

Plan your answer using the source labels. Use the frame if useful.

Explain how angle or image quality might limit one comparison.

My outcome and supporting evidence

Check: sorted images and a change/similarity response.

Exit ticket choices

Choose one route. Answer both questions individually using your normal access support.

Supported

Does a black-and-white photo have to be older?

How do you show a similarity?

Help: Use the word bank and a named evidence card.

Standard

Does a black-and-white photo have to be older?

How do you show a similarity?

Help: Include a source detail, location or value.

Stretch

Does a black-and-white photo have to be older? Justify with evidence.

How do you show a similarity? Evaluate a limitation.

Help: Weigh the evidence and name a limitation.
