

Why people moved and what changed

Knowledge organiser

Learning goal

Explain a cause and consequence of migration.

Enquiry

How has migration shaped identity in Britain?

Word	Meaning
migration	Moving to live in another place
cause	A reason something happened
consequence	Something that happened as a result
provenance	A source's origin and context

Key knowledge

A records employment hopes; C records an order to leave.

No. D is a request for visits.

A frame to use

Because ____, ____. A later consequence or response was ____, shown by ____.

Remember

Authored paraphrases of real records. Reasons and experiences differed. Migration is not new to Britain; these cases are selected examples.

Supported arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

1 Match “migration” to its meaning.

Help: Use the two word cards shown: migration and cause. Match the meaning to the word.

2 What distinguishes the reason in A from C?

Help: Read or listen to the relevant evidence card; point first.

3 Find “cause” in word help. What does it mean?

Help: Use the word and meaning cards together.

4 Can D prove that every planned visit happened?

Help: Use the source limit or map key as a clue.

Standard arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

1 What does migration mean?

Help: Use the word bank if needed.

2 What distinguishes the reason in A from C?

Help: Use one source detail or labelled map feature.

3 Explain cause using an example.

Help: Choose an example from the evidence cards.

4 Can D prove that every planned visit happened?

Help: State the reason for your answer.

Stretch arrival

Begin with questions 1 and 2. Continue when ready. Choose one route; reading, pointing and exact scribing are available on every route.

1 Use migration accurately in a sentence.

Help: Keep the source context clear.

2 What distinguishes the reason in A from C? Give supporting evidence.

Help: Name the source or data label.

3 How does cause help answer today's enquiry?

Help: Explain the connection, not only the definition.

4 Can D prove that every planned visit happened? Explain a limit or further check.

Help: Think about what the supplied evidence leaves uncertain.

Evidence cards

Read or listen to the cards. Original historical records, authored summaries and fictional teaching cases are labelled separately.

A 11 May 1948 telegram

The Acting Governor of Jamaica told the Colonial Secretary that men had booked passages hoping for employment in Britain.

TNA HO 213/714; official message, 1948

Limit: A hope is not a guarantee. This does not establish everyone's reasons or later experience.

B 1947 to 1948 report

Eric Walrond reported varied experiences: work for some men, but unemployment also described in the north-west.

TNA CO 876/88; report, 1947–48

Limit: Selected accounts do not measure the experiences of all migrants.

C 8 August 1972 Cabinet record

British ministers discussed Idi Amin's order that Asian British-passport holders leave Uganda within three months.

TNA CAB 128/50; British Cabinet minutes, 1972

Limit: This records the ministers' discussion, not the voices of all the people affected.

D 15 March 1973 support letter

The Uganda Resettlement Board asked voluntary organisations to support resettled families through visits.

TNA T 353/63; letter, 1973

Limit: A request records an intended response, not proof that every visit happened.

A	11 May 1948 telegram
B	1947 to 1948 report
C	8 August 1972 Cabinet record
D	15 March 1973 support letter

Follow the method

1. Read the enquiry: What distinguishes the reason in A from C?
2. Locate the evidence: A — The Acting Governor of Jamaica told the Colonial Secretary that men had booked passages hoping for employment in Britain.
3. Think aloud: A records employment hopes; C records an order to leave.
4. Check the limit or method: No. D is a request for visits.

Shared investigation

Make a decision, check the evidence, then explain. An individual or private response can replace speaking to the group.

- 1. Build a reason, event and later-evidence chain.
- 2. Compare work hopes with forced departure.

Support choices

- Supported: Use the labelled cause, event and response spaces. Rehearse one link.
- Standard: Connect the cards with because and therefore, using evidence.
- Stretch: Add an interacting factor or qualify an uncertain consequence.

Our explanation

Supported independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Create an evidence-based cause and consequence chain for one case.
- 2. Use because and therefore to explain the link.
- 3. Say whether the later evidence records an outcome or a proposed response.

Help

Begin with one step. Read the sources with an adult, reduce the visible choice set and use: Because ____, ____. A later consequence or response was ____, shown by ____.

Keep all required evidence; speech, pointing, drawing and exact scribing are available.

My outcome and supporting evidence

Check: accurate causal explanation and exit check.

Standard independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Create an evidence-based cause and consequence chain for one case.
- 2. Use because and therefore to explain the link.
- 3. Say whether the later evidence records an outcome or a proposed response.

Help

Because ____, ____. A later consequence or response was ____, shown by ____.

Check your evidence before adding a final explanation.

My outcome and supporting evidence

Check: accurate causal explanation and exit check.

Stretch independent task

Complete this route only. Keep your own decisions; an adult may read, organise access or scribe your exact words.

- 1. Create an evidence-based cause and consequence chain for one case.
- 2. Use because and therefore to explain the link.
- 3. Say whether the later evidence records an outcome or a proposed response.

Help

Plan your answer using the source labels. Use the frame if useful.
Compare the 1948 and 1972 cases and qualify the claim about consequences.

My outcome and supporting evidence

Check: accurate causal explanation and exit check.

Exit ticket choices

Choose one route. Answer both questions individually using your normal access support.
