

# Teacher planning and alignment

Staff pages begin here. Print pupil routes selectively; keep answers separate.

## Scheme of work

GROW\_A1\_W07; Migration and identity in Britain; SOW page 16

Exact outcome: Write and assess a structured account and source evaluation.

Teaching and application: Complete the account and evaluate a source. Use the modelled questions independently and review against unit criteria.

Assessment evidence: S: account and source evaluation; retain best evidence.

## Forty minute sequence

| Time  | Stage                                      |
|-------|--------------------------------------------|
| 0–4   | Arrival route                              |
| 4–7   | Starter and visual enquiry                 |
| 7–13  | Explicit model and optional captioned film |
| 13–20 | Shared interactive activity                |
| 20–22 | Method check                               |
| 22–34 | Independent application                    |
| 34–37 | Review and improve                         |
| 37–40 | Two exit questions                         |

## Access and assessment

Chunk sources and tasks; pre-teach vocabulary with images. Offer sentence stems, organisers, oral rehearsal and typing. Start with one modelled example; extend through a second source, comparison or supported judgement. Check the learner can begin within two minutes, then fade prompts.

Routes are flexible. Check the learner can begin within two minutes. Use reading, typing, exact scribing or oral responses without lowering the Humanities thinking. Fade prompts. Record what was independent. For a summative outcome, rehearse on a practice example and keep the final response individual.

# Teacher answers and scaffolding

## Core and exit answers

A source evaluation.

It shows what the learner did independently and what access support was used.

## Shared task feedback

Review the pupil's evidence against: S: account and source evaluation; retain best evidence. Open explanations are not automatically graded. Accept a different justified response that meets the outcome.

## Arrival answers

Supported: 1. Moving to live in another place 2. A source evaluation. 3. A reason something happened 4. It shows what the learner did independently and what access support was used.

Standard: 1. Moving to live in another place 2. A source evaluation. 3. A reason something happened Accept a relevant example. 4. It shows what the learner did independently and what access support was used.

Stretch: 1. Moving to live in another place Accept an accurate contextual sentence. 2. A source evaluation. 3. A reason something happened Accept a supported connection. 4. It shows what the learner did independently and what access support was used.

## Stage scaffolding

Starter, model and shared task: Use the checklist one item at a time; retain your own decisions. Select evidence for each required outcome and explain what it shows.

Further challenge: Evaluate a gap, improve the work and justify the final selection.

Review: check the exact required outcome before improving presentation. Retain first and revised responses when useful.

# Sources and evidence record

## Sources and resource preparation

Telegram about Windrush passengers

## UAS mapping before submission

The scheme provides no approved unit codes. The centre must select the exact unit and check every requirement. These resources prepare evidence; task completion does not establish an award.

| Record                                | Complete for this learner |
|---------------------------------------|---------------------------|
| Learner and date                      |                           |
| Selected unit title and code          |                           |
| Exact criterion and evidence page     |                           |
| Independent response and support used |                           |
| Decision and next step                |                           |

## Calendar and editing

Schedule Black History Month, remembrance, Human Rights Day, Holocaust Memorial Day and International Women's Day against the school calendar. The SOW sequence controls week numbering. Word text and tables are editable; HTML is the editable lesson source. Recheck layout and keep source details and answers aligned after changes.
