A structured account using evidence / LAUNCH_A1_W06

Outcome: Write a structured account using evidence with English links.

Evidence to retain: F: structured account and review.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Authored paraphrases of real records. Reasons and experiences differed. Migration is not new to Britain; these cases are selected examples.

Access and regulation

Pre-teach terminology and model evidence use. Chunk sources and data; provide an initial frame, then reduce it. Maintain normal access arrangements. Extend by weighing limitations, alternative explanations and evidence quality. Adults support access and evidence selection without supplying answers.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Link an official source to a qualified claim.

Evidence: A 11 May 1948 telegram: The Acting Governor of Jamaica told the Colonial Secretary that men had booked passages hoping for employment in Britain.

Think aloud: A records employment hopes. That supports a motive for some travellers, but personal testimony would add evidence about individual identity.

Check: Why qualify a conclusion about identity? Official records do not capture all personal experiences.

Arrival answers

1. Yes, in the documented setting and period.
2. Moving to live in another place
3. It shows how the detail supports the claim or answers the question.
4. Official records do not capture all personal experiences.

Shared activity reasoning

1. Everyone who arrived felt welcome — These official records do not establish everyone's reception. The claim exceeds the evidence.
2. A and C show identical motives — A and C show different motives and constraints. Work hopes and forced departure differ.

Exit responses

What does an explanation add to evidence? It shows how the detail supports the claim or answers the question.

Why qualify a conclusion about identity? Official records do not capture all personal experiences.

Teaching and evidence record

Supplied scheme of work teaching sequence: Model claim/evidence/explanation; plan logical chronology; draft and check evidence, sequence and conclusion.

Look for

F: structured account and review.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.
