

Source-based assessment

Learning goal: Complete a source based assessment.

Words to use

Word	Meaning
migration	Moving to live in another place
cause	A reason something happened
consequence	Something that happened as a result
provenance	A source's origin and context

Remember

Does a limitation make a source useless for every question? No. Usefulness depends on the question.

What evidence must be retained? Individual source annotations, selected evidence and supported judgements, with access support recorded.

How to show your learning

Independently interrogate B and C, then compare their usefulness for explaining migration experiences.

Source B supports _____. Source C supports _____. For this question, _____ is more useful because _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
