

Countries continents and oceans

Learning goal: Locate countries continents and oceans using maps and atlases.

Words to use

Word	Meaning
continent	A large land region
ocean	A large body of salt water
location	Where something is
connection	A link between places or people

Remember

Which of the three countries lies beside the Pacific? Japan.

What changes when a map shows a much larger area? It shows less local detail at the smaller scale.

How to show your learning

Label the UK, India and Japan, their continents and two oceans.

___ is in ___. It lies beside ___.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
