

Arrival choices

You can begin without previous learning. Word help: continent means a large land region.

Start with 1 and 2. Try 3 and 4 when ready. Reading and exact scribing are available.

1 What does continent mean?

Support: Use the reminder strip or talk it through with an adult.

My response

2 Which meaning fits continent?

Support: Choose: A large land region OR A large body of salt water.

My response

3 Which of the three countries lies beside the Pacific?

Support: Use the model evidence anchor B or read one relevant card together.

My response

4 What changes when a map shows a much larger area?

Support: Give a reason when ready.

My response

Stretch: use a precise example or explain which detail supports your answer.

Evidence cards

Read, point or listen. Keep the source label with any detail you use.

A United Kingdom

The UK lies in Europe, beside the Atlantic Ocean. Teesside is in north-east England. A map can show different scales, from a neighbourhood to the world.

Source: Natural Earth world map and labelled place coordinates

Limit: This small-scale map cannot show a safe street route.

B India and Japan

India and Japan are in Asia. India borders the Indian Ocean; Japan is an island country beside the Pacific Ocean.

Source: Natural Earth world map

Limit: A country is not a single culture or belief.

C A community link

Fictional case: a Middlesbrough community group shares festival greetings with a partner group in Mumbai. The link can involve people and communication without a physical journey.

Source: Authored classroom case

Limit: This example does not describe every person or place.

D Celebrations across places

Diwali and Hanukkah are observed by communities in different countries. Locate examples using the map; a festival is not confined to one country.

Source: Hindu American Foundation and Chabad accounts

Limit: Do not assign a religion to everyone living in a country.

Visual resource

Use this visual with the evidence cards and enquiry questions.

Source: Natural Earth public-domain outlines, labels simplified. Terms of use:
<https://www.naturalearthdata.com/about/terms-of-use/> (recorded in Sources and checks).

A detail I noticed and what it helps me explain

Shared investigation

1. Zoom from Teesside to the world.
2. Locate the UK, India, Japan and their neighbouring oceans.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.

Use the evidence cards and any visual sheet. Follow the two shared steps above, then record one decision.

Our explanation

Support: Read one evidence card together. Highlight a useful detail. Rehearse with: ____ is in _____. It lies beside _____.

Further challenge: Explain why the world map is useful for this question but not for a street route.

Supported independent task

Complete this route only. Locate countries continents and oceans using maps and atlases.

1. Label the UK, India and Japan, their continents and two oceans.
2. Use an atlas or the supplied map key.
3. Answer independently: which country lies beside the Pacific Ocean?

Support: Read one evidence card together. Highlight a useful detail. Rehearse with: ____ is in ____ . It lies beside ____ . Complete the organiser one space at a time. ____ is in ____ . It lies beside ____ .

Places and symbols or grid references

Location or direction statement

Pattern using the map evidence

What this map does not show

An adult may read or scribe your exact response. They should not choose the answer.

Standard independent task

Complete this route only. Locate countries continents and oceans using maps and atlases.

1. Label the UK, India and Japan, their continents and two oceans.
2. Use an atlas or the supplied map key.
3. Answer independently: which country lies beside the Pacific Ocean?

Support: ____ is in ____ . It lies beside ____ .

Places and symbols or grid references

Location or direction statement

Pattern using the map evidence

What this map does not show

Check the required evidence and revise one detail.

Stretch independent task

Complete this route only. Locate countries continents and oceans using maps and atlases.

1. Label the UK, India and Japan, their continents and two oceans.
2. Use an atlas or the supplied map key.
3. Answer independently: which country lies beside the Pacific Ocean?
4. Explain why the world map is useful for this question but not for a street route.

Support: Choose the evidence independently. Use the frame only if it helps.

Places and symbols or grid references

Location or direction statement

Pattern using the map evidence

What this map does not show

Explain why the world map is useful for this question but not for a street route.

Exit ticket

Choose a response mode. You may give your answers privately to an adult.

Which of the three countries lies beside the Pacific?

My response

What changes when a map shows a much larger area?

My response

Support: ____ is in _____. It lies beside _____.

Further challenge: Explain why the world map is useful for this question but not for a street route.
