

Maps symbols and grid references

Learning goal: Use maps OS symbols and grid references.

Words to use

Word	Meaning
settlement	A place where people live
urbanisation	Growth in the share of people living in urban places
land use	What land is used for
GIS	Mapping information in separate data layers

Remember

What area does a four-figure reference locate? A whole grid square.

Why consult the actual map key? Symbol meanings and map detail depend on the map series; our practice symbols are labelled teaching symbols.

How to show your learning

Identify the genuine OS abbreviations Sch, PO and FB using the supplied key.

The key identifies _____. Easting _____ then northing _____ gives _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
