

A timeline of a week

Learning goal: Sequence events in my own week.

Words to use

Word	Meaning
past	A time before now
present	The time we are in now
change	Something that becomes different
continuity	Something that stays the same

Remember

Which comes first: Wednesday or Friday? Wednesday.

Why add day labels? They make the order clear and allow it to be checked.

How to show your learning

Create a real or fictional weekly timeline using three events.

___ happens before ___. I know because ___.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
