

Arrival choices

You can begin without previous learning. Word help: past means a time before now.

A · Rotary phone

B · Smartphone

Start with 1 and 2. Try 3 and 4 when ready. Reading and exact scribing are available.

1 What does past mean?

Support: Use the reminder strip or talk it through with an adult.

My response

2 Which meaning fits past?

Support: Choose: A time before now OR The time we are in now.

My response

3 Which comes first: Wednesday or Friday?

Support: Use the model evidence anchor A or read one relevant card together.

My response

4 Why add day labels?

Support: Give a reason when ready.

My response

Stretch: use a precise example or explain which detail supports your answer.

Evidence cards

Read, point or listen. Keep the source label with any detail you use.

A A fictional week

Monday: choose a club activity. Wednesday: practise the activity. Friday: share what was made. The words Monday, Wednesday and Friday supply the order.

Source: Authored classroom case

Limit: This example does not describe every person or place.

B Telephone comparison

A rotary telephone and a smartphone both support conversations over distance. A smartphone can also show a video call; a rotary dial selects numbers differently.

Source: Authored comparison of familiar objects

Limit: A newer object is not automatically better for every person or purpose.

C Photo enquiry

Use the paired local photographs supplied with this unit. Read the captions and dates. Point to one feature in each image before deciding what changed.

Source: See photograph captions and credits

Limit: A camera angle or season can make features appear different; a photograph alone may not explain why.

D Questions worth asking

Who used this object? When was this photo made? A dated catalogue entry can help with time; a user's account can help with experience.

Limit: This example does not describe every person or place.

Shared investigation

1. Place the club events on Monday, Wednesday and Friday.
2. Say the time cue that supports each position.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.

Our explanation

Support: Show two choices. Read one short instruction. Point, match or say a word, then add a reason when ready.

Further challenge: Add a fourth event and explain where it belongs without changing the supplied dates.

Supported independent task

Complete this route only. Sequence events in my own week.

1. Create a real or fictional weekly timeline using three events.
2. Put the events in order.
3. Add a short caption to each and check one before or after relationship.

Support: Show two choices. Read one short instruction. Point, match or say a word, then add a reason when ready. Complete the organiser one space at a time. ____ happens before _____. I know because _____.

First event and date or time cue

Next event and date or time cue

Later event and date or time cue

Why this order fits the evidence

An adult may read or scribe your exact response. They should not choose the answer.
