

Pictures on a timeline

Learning goal: Order pictures on a simple timeline.

Words to use

Word	Meaning
past	A time before now
present	The time we are in now
change	Something that becomes different
continuity	Something that stays the same

Remember

What information establishes the order? The source dates.

Does putting one event after another prove a cause? No. Order alone does not show why something happened.

How to show your learning

Place two to four pictures on a timeline.

___ belongs before ___ because ___ is earlier than ___.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
