

Arrival choices

Previous lesson reminder:

A · Rotary phone

B · Smartphone

Start with 1 and 2. Try 3 and 4 when ready. Reading and exact scribing are available.

1 What function do both phones share?

Support: Use the reminder strip or talk it through with an adult.

My response

2 Which meaning fits past?

Support: Choose: A time before now OR The time we are in now.

My response

3 What information establishes the order?

Support: Use the model evidence anchor C or read one relevant card together.

My response

4 Does putting one event after another prove a cause?

Support: Give a reason when ready.

My response

Stretch: use a precise example or explain which detail supports your answer.

Evidence cards

Read, point or listen. Keep the source label with any detail you use.

A A fictional week

Monday: choose a club activity. Wednesday: practise the activity. Friday: share what was made. The words Monday, Wednesday and Friday supply the order.

Source: Authored classroom case

Limit: This example does not describe every person or place.

B Telephone comparison

A rotary telephone and a smartphone both support conversations over distance. A smartphone can also show a video call; a rotary dial selects numbers differently.

Source: Authored comparison of familiar objects

Limit: A newer object is not automatically better for every person or purpose.

C Photo enquiry

Use the paired local photographs supplied with this unit. Read the captions and dates. Point to one feature in each image before deciding what changed.

Source: See photograph captions and credits

Limit: A camera angle or season can make features appear different; a photograph alone may not explain why.

D Questions worth asking

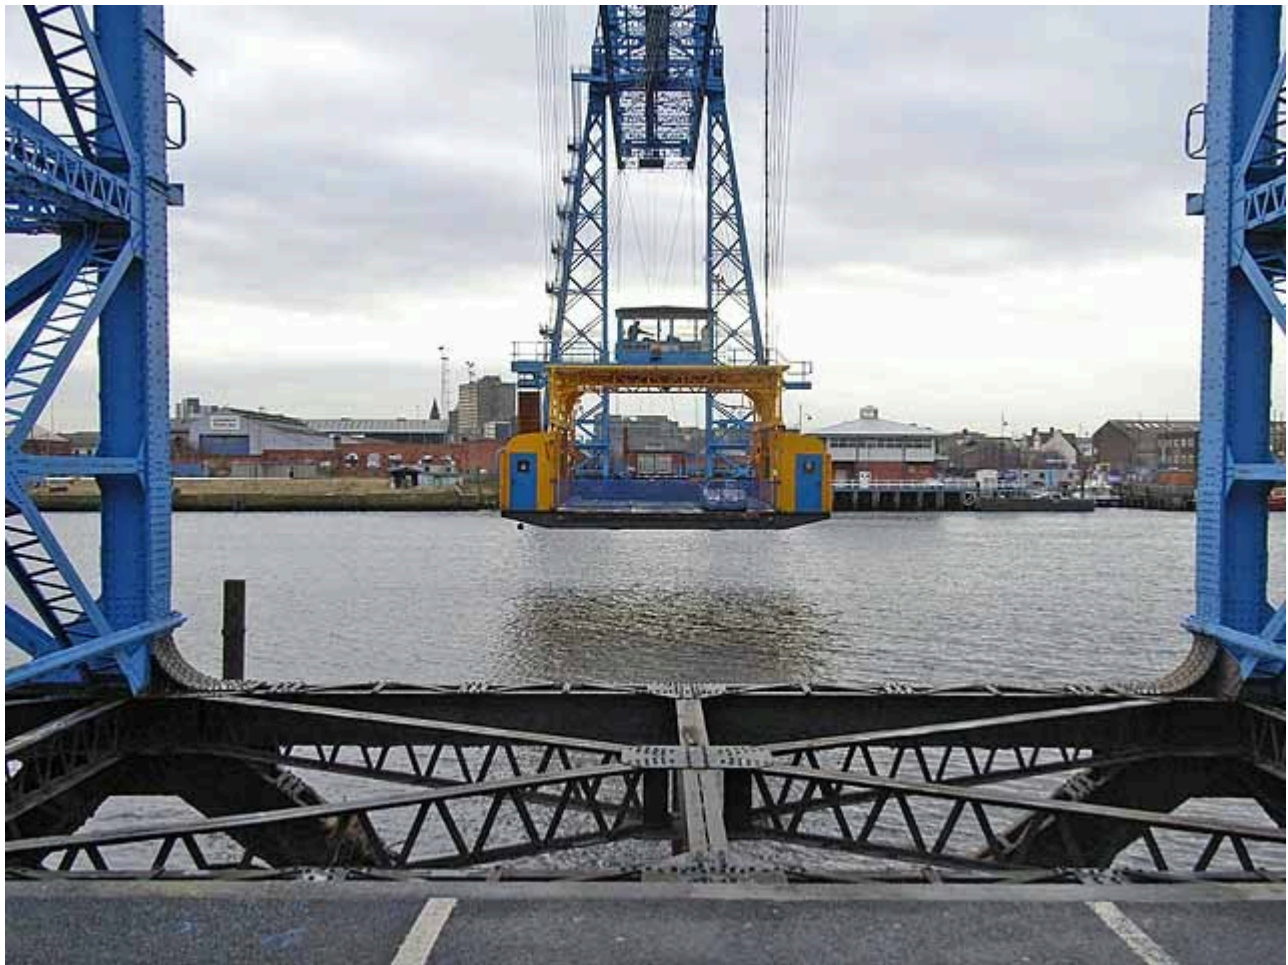

Who used this object? When was this photo made? A dated catalogue entry can help with time; a user's account can help with experience.

The viewpoints differ. Compare visible details; do not infer rebuilding from the camera angle. These are historical photographs, not a live view.

A detail I noticed and what it helps me explain

Shared investigation

1. Make a floor or desk timeline from the dated source cards.
2. Check the date before moving a card.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.

Move or match the cards

Our explanation

Support: Show two choices. Read one short instruction. Point, match or say a word, then add a reason when ready.

Further challenge: Explain why unequal gaps between dates should not be treated as equal time.

Supported independent task

Complete this route only. Order pictures on a simple timeline.

1. Place two to four pictures on a timeline.
2. Explain one placement using before or after and the supplied dates.
3. Keep an individual copy or photograph of your order.

Support: Show two choices. Read one short instruction. Point, match or say a word, then add a reason when ready. Complete the organiser one space at a time. ____ belongs before ____ because ____ is earlier than ____.

First event and date or time cue

Next event and date or time cue

Later event and date or time cue

Why this order fits the evidence

An adult may read or scribe your exact response. They should not choose the answer.

Standard independent task

Complete this route only. Order pictures on a simple timeline.

1. Place two to four pictures on a timeline.
2. Explain one placement using before or after and the supplied dates.
3. Keep an individual copy or photograph of your order.

Support: ____ belongs before ____ because ____ is earlier than ____.

First event and date or time cue

Next event and date or time cue

Later event and date or time cue

Why this order fits the evidence

Check the required evidence and revise one detail.

Stretch independent task

Complete this route only. Order pictures on a simple timeline.

1. Place two to four pictures on a timeline.
2. Explain one placement using before or after and the supplied dates.
3. Keep an individual copy or photograph of your order.
4. Explain why unequal gaps between dates should not be treated as equal time.

Support: Choose the evidence independently. Use the frame only if it helps.

First event and date or time cue

Next event and date or time cue

Later event and date or time cue

Why this order fits the evidence

Explain why unequal gaps between dates should not be treated as equal time.

Exit ticket

Choose a response mode. You may give your answers privately to an adult.

What information establishes the order?

My response

Does putting one event after another prove a cause?

My response

Support: ____ belongs before ____ because ____ is earlier than ____.

Further challenge: Explain why unequal gaps between dates should not be treated as equal time.
