

Teacher card

Then and now evidence record / BUILD_S1_W06

Outcome: Record then and now with photos and captions.

Evidence to retain: S: outcome against unit criteria; retain best evidence.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Use date and source labels to establish order. Image colour is not proof of age. A fictional personal timeline is always allowed.

Access and regulation

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use a different example for shared practice. During independent assessment, keep the agreed reader, scribe, glossary or response mode, but withdraw answer models and record prompts separately.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Write a careful comparison caption.

Evidence: C Photo enquiry: Use the paired local photographs supplied with this unit. Read the captions and dates. Point to one feature in each image before deciding what changed.

Think aloud: Both photographs show the bridge. I use the dates to establish then and later, and point to a visible feature before naming a change.

Check: Why retain the source caption? It identifies the evidence and helps check dates and claims.

Arrival answers

1. A dated manufacturer's catalogue or museum record.
2. A time before now
3. A change and a continuity.
4. It identifies the evidence and helps check dates and claims.

Shared activity reasoning

Exit responses

What two comparisons should your final record include? A change and a continuity.

Why retain the source caption? It identifies the evidence and helps check dates and claims.

Teaching and evidence record

Supplied scheme of work teaching sequence: Select paired evidence and create a short then/now record. Explain one change and one continuity using speech, symbols or captions.

Look for

S: outcome against unit criteria; retain best evidence.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.

Source credits

Source access was checked on 19 September 2026. Restricted links are listed in Sources_and_checks.html; a restriction here is not proof that the page is dead. Offline teaching material remains available.
