

Creating a digital memorial

Learning goal: Create a respectful digital memorial.

Words to use

Word	Meaning
conflict	A serious struggle including war
persecution	Deliberate unfair targeting of a group
Holocaust	The Nazi-led genocide of six million European Jews
testimony	A person's account of what they experienced

Remember

May a quotation be invented to make the memorial powerful? No. Use verified wording or clearly written factual prose.

How can design support respect? Readable text, calm presentation, accurate content and sources support attention without spectacle.

How to show your learning

Create a short digital memorial recognising a life or historical context from the curated evidence.

Title _____. Accurate fact _____. What we recognise _____. Source _____. Design choice because _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
