Evidence cards

Read, point or listen. Keep the source label with any detail you use.

A The Good Samaritan

Easy-read retelling of the Christian parable in Luke 10: A traveller needs help. Two people pass by. A Samaritan stops, cares for him and arranges more help. The story asks what it means to be a neighbour.

Source: Authored retelling of Luke 10:25–37

Limit: A religious story teaches an idea; this retelling is not a quotation or a historical record.

B A fair turn

Fictional case: three pupils share one tablet. Jo needs text read aloud. The group can agree turns and switch on speech support. Equal dignity does not always mean identical support.

Source: Authored classroom case

Limit: This example does not describe every person or place.

C A caring action

Fictional case: a new student cannot find the reading resources. A clear shelf label and a choice of formats could help. Ask what is useful before deciding.

Limit: This example does not describe every person or place.

M Malala Yousafzai

Malala campaigns for children's education, especially girls' education. She shared the 2014 Nobel Peace Prize with Kailash Satyarthi.

Source: Nobel Prize, Malala Yousafzai facts

Limit: An award recognises work; it does not prove that unequal access to education has ended.

Shared investigation

1. Match fictional needs to practical caring actions.
2. Check that the action addresses the stated need.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.
