

Teacher card

Our class caring action / BUILD_S2_W05

Outcome: Take part in a class caring action.

Evidence to retain: F: participation observation and recorded reflection.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Use fictional situations. Do not ask learners to disclose neglect, conflict or personal experiences of unfairness.

Access and regulation

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Record a real contribution to the class action.

Evidence: C A caring action: Fictional case: a new student cannot find the reading resources. A clear shelf label and a choice of formats could help. Ask what is useful before deciding.

Think aloud: After I make or test a label, I record what I did and the feedback I received. A plan alone cannot show that I took part.

Check: Can a plan alone prove the action happened? No. Retain evidence of what was actually done.

Arrival answers

1. Children's education, especially girls' education.
2. Giving people a fair chance and meeting needs
3. A dated observation, the created item or an exact recorded account of your contribution.
4. No. Retain evidence of what was actually done.

Shared activity reasoning

Exit responses

What is evidence that you took part? A dated observation, the created item or an exact recorded account of your contribution.

Can a plan alone prove the action happened? No. Retain evidence of what was actually done.

Teaching and evidence record

Supplied scheme of work teaching sequence: Agree an achievable action and roles. Carry it out; record a contribution and discuss its effect.

Look for

F: participation observation and recorded reflection.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.
