Fairness evidence and reflection / BUILD_S2_W06

Outcome: Reflect on fairness and evidence skills for UAS.

Evidence to retain: S: half-term review and relevant skills evidence for UAS.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Use fictional situations. Do not ask learners to disclose neglect, conflict or personal experiences of unfairness.

Access and regulation

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use a different example for shared practice. During independent assessment, keep the agreed reader, scribe, glossary or response mode, but withdraw answer models and record prompts separately.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: What could make the timetable accessible?

Evidence: C A caring action: Fictional case: a new student cannot find the reading resources. A clear shelf label and a choice of formats could help. Ask what is useful before deciding.

Think aloud: An audio, enlarged or clearly structured version, chosen according to need.

Check: Does collecting work automatically meet a UAS unit? No. The centre must match it to the exact selected unit and criteria.

Arrival answers

1. A dated observation, the created item or an exact recorded account of your contribution.
2. Giving people a fair chance and meeting needs
3. An audio, enlarged or clearly structured version, chosen according to need.
4. No. The centre must match it to the exact selected unit and criteria.

Does collecting work automatically meet a UAS unit? No. The centre must match it to the exact selected unit and criteria.

Teaching and evidence record

Supplied scheme of work teaching sequence: Review a new scenario and selected unit work. Choose evidence showing care, rights and responsibility; explain one improvement.

Look for

S: half-term review and relevant skills evidence for UAS.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.
