

Teacher card

Comparing light in celebrations / BUILD_RE_A2_W02

Outcome: Identify one similarity between how light is used in two celebrations.

Evidence to retain: F: sorted cards and one 'Both...' sentence.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Model one accurate fact for each celebration first; avoid ranking beliefs; prompt from concrete images before abstract meaning.

Access and regulation

Compare only two celebrations; picture sorting; one-sentence target; oral response accepted; colour coding.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Name one thing Diwali and Hanukkah both use.

Evidence: A Diwali: Many Hindus, Sikhs and Jains celebrate Diwali. Families light diya lamps. For many the light stands for good overcoming evil. B Hanukkah: Hanukkah is a Jewish festival. It lasts eight nights. Each night one more light is lit on the hanukkiah. It recalls the Temple being rededicated and oil that lasted eight days.

Think aloud: Light. Both festivals use lamps or lights.

Check: How many nights does Hanukkah last? Eight nights.

Arrival answers

1. Good overcoming evil, and hope.
2. To look for what is the same and what is different
3. Light. Both festivals use lamps or lights.
4. Eight nights.

Shared activity reasoning

1. Diya lamps — Diwali. Card A: families light diya lamps.
2. Eight nights — Hanukkah. Card B: Hanukkah lasts eight nights.
3. Light is used — Both. Cards A and B: both festivals use light.

Exit responses

Name one thing Diwali and Hanukkah both use. Light. Both festivals use lamps or lights.

How many nights does Hanukkah last? Eight nights.

Teaching and evidence record

Supplied scheme of work teaching sequence: Arrival: 4 retrieval questions. Starter: identify two celebrations from images. I Do: model a simple comparison, e.g. 'Both use light...'. We Do: sort picture cards into celebration A / celebration B / both. You Do: complete one 'Both...' sentence or visual comparison. Exit ticket: one similarity.

Look for

F: sorted cards and one 'Both...' sentence.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.
