

Comparing festivals of light

Learning goal: Compare two festivals of light respectfully using one similarity and one difference.

Words to use

Word	Meaning
compare	To look for what is the same and what is different
similarity	A way that two things are the same
difference	A way that two things are not the same
respectful	Showing care for other people's beliefs

Remember

Give one similarity between two festivals of light. Both use light as a symbol, or both bring people together.

Do we compare festivals to decide which is best? No. We compare to understand.

How to show your learning

Choose two festivals.

Both ____ and ____ _____. However, _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
